

BD™ Prepared Sterility Test Media

Sterility Assurance–Quality Assurance–Regulatory Compliance

Leave it to the global leader in quality media to create regulatory-compliant, cost-effective solutions for your Sterility Test requirements. BD Prepared Sterility Test Media are manufactured according to the BD ISO 9000-registered Quality Policy with a Sterility Assurance Level of 10^{-6} .

Helping all people
live healthy lives

BD Prepared Sterility Test Media

- Sterility Assurance Level of 10⁻⁶ for standard Sterility Test Media
- Products conform to Harmonized USP¹, EP² and JP³ requirements for Sterility Tests and CLSI⁴ requirements (see package labeling for details)
- BBL™ and Difco™ media provide quality and dependability
- Our complete line of Prepared Sterility Test Media gives you one source for all of your needs
- Color-coded caps and/or labeling for most products offer easy product identification
- Transparent labels allow a clear view of media and cultures
- Unique Sterile Pack bottles offer the ultimate reassurance in clean room applications

For added regulatory compliance assurance, ask your local BD sales representative about the BD Automated Change Notification Program.
