

BECTON, DICKINSON AND COMPANY
2011 Annual Report of Charitable Contributions
December 2011

The following report, issued pursuant to BD's Corporate Governance Principle No. 31, lists charitable contributions or pledges for cash and/or products (including contributions under prior pledges) made by BD during fiscal year 2011 in an amount of \$10,000 or more (not including contributions under BD's Matching Gift Program), to an entity for which a BD director or executive officer, or a member of any of their immediate families, serves as a director, officer or employee, or as a member of such entity's fund-raising organization or committee. These contributions and pledges represent 11% of the total contributions and pledges of cash and/or products made by BD during fiscal year 2011.

These contributions and pledges reflect BD's Social Investing philosophy, which involves formulating and executing strategic initiatives with community partners to create healthier communities worldwide, demonstrate BD's social responsibility, and build relationships in support of BD's corporate goals. The primary objectives are to:

- Align and concentrate support on healthcare programs and initiatives that address key issues in communities where BD has operations, and where its core competencies and resources can be leveraged most effectively; and
- Support programs where BD maintains facilities or has a significant presence to apply local BD resources to local community needs.

BD concentrates its giving in areas such as diabetes, infectious disease, immunization, healthcare-associated infections, HIV/AIDS/ tuberculosis/malaria, cancer, disaster relief and education/research. This is reflected in many of the contributions and pledges described below.
