

Pen Needle Prescription Change Request

Dear Doctor,

Would you please change my pen needle prescription to the BD Ultra-Fine™ Nano™ 4mm Pen Needle. I would like to use a pen needle that is shorter and more comfortable.

- In clinical studies, people injecting with BD Nano™ Pen Needles experienced equivalent blood glucose control and greater satisfaction than those using 8mm or 12.7mm pen needles.^{1,2}
- The BD Nano™ 4mm x 32G pen needle is clinically proven as effective as longer pen needles in patients, including obese ones.¹
- The BD Nano™ Pen Needle is guaranteed to fit all diabetes pens sold in the U.S.³

BD Nano™

Just look how the BD Nano™ Pen Needle compares to the 12.7mm needle

12.7mm needle

Pen needles are actual size.
