

PRODUCT NOTIFICATION BULLETIN

Product Addition: 3 gal. RCRA Funnel Top
Bulletin: 13
Date: May 2011

The BD™ RCRA collector product line has expanded. Introducing the new 3 gallon RCRA Funnel Top (Non-DOT *). This new collector features a funnel top (see picture) to limit unwanted access to the contents inside the collector. This collector is made from a minimum of 70 % recycled plastic following the class-leading high recycled plastic content for the BD RCRA line.

BD Ref #	Product Description	Quantity per Case
305075	3 gal. RCRA Funnel Top	12

** Non-DOT RCRA collectors should be secured in a DOT compliant container/cardboard box for transportation. The hazardous waste hauler may recommend the best packaging option based on the hazardous waste generated by the customer and the location for final disposal.*
