

Improved **Care** for Your Patients, Improved **Safety** for You

BD Vacutainer® Push Button Blood Collection Set with Pre-Attached Holder offers split second protection clinically demonstrated to reduce accidental needlesticks for optimal protection and ease of use.

Push Button Safety Mechanism:
Needle retracts at the click of the button

“Click”

–the Sound of Safety

The **BD Vacutainer® Push Button Blood Collection Set's** innovative push button activation instantly fosters comfort and safety for both patient and caregiver.

Telling patients that the **audible “click” signifies the procedure is complete** may improve patient experience.

With convenient one-handed operation, your healthcare staff can put the emphasis back on patient engagement, while the **BD Vacutainer® Push Button Blood Collection Set** takes care of the sample.
