Frequently asked questions

What content is available on the e-Learning platform?

4 Modules

- Module 1: Prepare
- Module 2: Procedure
- Module 3: Preserve
- Module 4: Communication & Human Factors

Each module follows the same structure with a knowledge checker at the end of each module.

Do I need special software or hardware to access this e-Learning platform?

The e-Learning platform is browser enabled, so no special software is needed. You can access the e-Learning platform with any computer that has Internet access. The platform works best on Google Chrome.

Am I able to control what my team sees and trains on?

Yes. You or someone on your team will be designated as the administrator for your group. The administrator can assign or restrict content based on a specific type of user or groups of users.

How do I track training compliance?

The eLearning platform provides you with easy-to access dashboards, reports and reporting tools that offer:

- Test scores and time spent on each course.
- Metrics on test results compared to other learners in the session.
- A listing of the assigned courses for any particular user.
- A graphic representation of results including status, score, total time spent, and number of launches.
- Access to more detailed test results from the "Results" section.
- Access to the user's course certificate.

What is the cost?

BD is offering this value added service to our customers at no additional cost.

What Guidelines are the Modules based on?

1. Loveday et al. (2014) epic3: National Evidence-Based Guidelines for Preventing Healthcare-Associated Infections in NHS Hospitals in England
2. Gorski et al. (2016) Infusion Nurses Society (INS) Guidelines
3. Grady et al. (2011) Guidelines for the Prevention of Intravascular Catheter-Related Infections, CDC
4. World Health Organisation (2006) Five moments for hand hygiene
5. ANTT (2015) Aseptic No Touch Technique Clinical Practice Framework
6. Royal College of Nursing (2010) Standards for Infusion Therapy
7. NSW Health (2013) Guidelines for PIVC Insertion and Post Insertion Care in Adult Patients
8. NIOSH - National Institute for Occupational Safety and Health
9. EU Directive 2010/32/EU (2010) Prevention From Sharp Injuries in the Hospital and Healthcare Sector
