

Together we aim to improve **patient safety**,
complication reduction and **cost savings**.

Tugce S. Tirtil
Clinical Specialist, BD

Working together has been crucial for the success of the BD® Nexiva™ Closed IV Catheter implementation, we hope to see the **reduction in complications**, **improved patient safety** and **cost savings** as a result.

Lisa Hocking
Deputy Director Infection Prevention & Control
Associate Chief Nurse, Royal United Hospitals Bath

East Sussex Healthcare Trust

“

It has been amazing to see how powerful collaboration between the NHS and BD is. Our shared vision is to **improve patient flow, reduce complications, and improve patient safety.**

Will Prentice

Business Development Executive, BD
