

BD Assurity Linc™

July 2020

Critical and/or Security Patches February 2020-April 2020.

**Microsoft® & Third-Party Patches**

BD has identified patches from Microsoft® that have been identified as critical or security related for the quarter ending June 30, 2020 and including updates through April 2020.

The patches include updates that may adversely affect BD Assurity Linc. These patches will not be and should not be installed on BD Assurity Linc at this time.

Customers that maintain patches independent of BD automated delivery should ensure these actions are not performed as the acting responsible entity in order to maintain the correct security posture of the system(s).

Note: These patches only apply to the latest supported version(s) of the BD offering
