

BD Product Name: **Care Coordination Engine**

Date of Critical or Security Patches: Dec 2021

Abstract: Critical or Security Patches – Dec 2021

Microsoft® & Third-Party Patches

BD has identified patches from Microsoft® that have been identified as critical or security related for Dec 2021.

The patches include updates that may adversely affect BD CCE. These patches should not be installed CCE Windows Server 2008 standard.

Customers that maintain patches independent of BD automated delivery should ensure these actions are not performed as the acting responsible entity in order to maintain the correct security posture of the system(s).

Note: These patches only apply to the latest supported version(s) of the BD offering

| Patch Name | Description | Patch ID | Notes |
|--|--|---------------------------|--------------|
