BD Kiestra™ ReadA

Critical and/or Security Patches: July – September 2025.

BD has identified patches from Microsoft® that have been identified as critical or security related for July – September 2025. These patches were not found to adversely affect BD products and will be applied according to customers' service agreements.

Customers that maintain patches independent of BD automated delivery should ensure the validated patches are installed on their BD systems as the acting responsible entity in order to maintain the correct security posture of the system(s).

		KB5030216	SEPT-2025

Notes

1. Customers using the System Control Unit (SCU) server system and/or the Gateway system:
   Your regional Customer Support Center will contact you to make an appointment to install the patches.
2. Microsoft® security patches are cumulative, therefore the last release covers all previous releases.
