

Implementation Tips

If you have a patient who has received the PleurX™ Catheter System or the PeritX™ Catheter System, follow these steps **before** and **after** the catheter placement procedure to help ensure your patient receives drainage supplies quickly.

Before Catheter Placement

- **Determine the patient's insurance coverage for durable medical equipment (DME) home supplies.** Complete the Physician Written Order Form (available at bd.com/drainage > [EIFU & Resources](#) > [Literature](#) or in the paperwork included with the PleurX™ Catheter System or the PeritX™ Catheter System).
- **Fax the completed form** to the PleurX™/PeritX™ Catheter System Specialist at Edgepark® Medical Supplies at **877.307.6350**. To verify fax receipt or to ask questions, call Edgepark at 877.307.8033.
- **Order the PleurX™ Catheter and Starter Kit** (cat. no. 50-7700), the **PeritX™ Peritoneal Catheter & Starter Kit** (cat. no. 50-9900C), the **PeritX™ 2L Drainage Starter Tote** (cat. no. 90-2005), or the **PeritX™ 2L Drainage Starter Pack** (cat. no. 90-2020) from BD Customer Service at 844.823.5433.

After Catheter Placement

- **Notify Edgepark.** Call the specialists at Edgepark at **877.307.8033** to notify them of the catheter placement and estimated patient discharge date. Also confirm that Edgepark has received the patient's Physician Written Order Form.
- **Educate the caregiver and patient.** Ensure that the primary caregiver and patient are trained on the drainage procedure as printed in the *Instructions for Use* included with the drainage kit. Contact your sales representative or visit bd.com/drainage to view the drainage video. Provide the patient and caregiver with the instructions chart in the patient information folder included in the starter kit. Additional folders are available from your sales representative.
- **Send the patient home with the starter kit so they have supplies between discharge, and arrival of the first-order of vacuum bottles or bags.** If the patient is discharged on a weekend or holiday, send them home with a few extra kits, per your facility's policy.
- **Arrange for additional drainage supplies.** Ensure the patient contacts the specialists at Edgepark upon discharge to arrange the delivery of additional drainage supplies. Edgepark cannot ship drainage supplies until they have spoken to the patient after discharge. Edgepark is open from Monday to Friday, 7:30 a.m. to 7:00 p.m. (CT). **New orders must be placed before 2:00 p.m. (CT) for same-day shipment with two-day delivery.**
