Drug Facts

Active ingredient

Povidone-Iodine 10% v/v, USP.....Antiseptic

Purpose

Use Patient preoperative skin preparation. Helps to reduce bacteria that potentially can cause skin infection.

Warnings

For external use only.

Do not use

- in the eyes
- on patients with known allergies to povidone-iodine or Igepal CO-630

When using this product keep out of eyes, ears, and mouth

Stop use and ask a doctor if irritation, sensitization, or allergic reaction occurs. You may report side effects to FDA at 1-800-FDA-1088.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- remove the applicator wrapper. Do not touch the applicator tip.
- with the applicator tip facing downward, pinch the barrel of the applicator ONCE to release the antiseptic.
- press the applicator tip against the patient's skin. With gentle back and forth actions apply solution to the treatment area.
- the area covered should be allowed to dry naturally.
- discard after single use.

Other information

store below 30 °C (86 °F)

Inactive ingredients

Igepal CO 630, USP purified water
